

# Content Check list

There are endless possibilities of what could be included in your School Website! This is not an exhaustive list but it is a good idea to have a plan of what you ultimately want your website to include in the future – as this will have an impact on how it is developed in the initial stages. Remember: Pages on your website do not have to be listed in a linear form but sub-menus can be created of themed or grouped content types.

## School Content - Pages

Feature	Include	Future	Maybe
